The May meeting of the Zia Rifle & Pistol Club is scheduled for **Thursday, May 16th** at 7:00 PM at **Bear Canyon Senior Center, 4656 Pitt NE**. All members are welcome and encouraged to attend. If there is anything you would like to discuss, please contact Secretary, Chris Garrett.

*See you there!*

*They're on the way!*

The new membership cards for the 2024-2025 membership year are being sent out daily. We appreciate your patience while we work through some of the issues with our new membership renewal system. All in all the new system is working great, allowing members to renew their membership and pay online, which is something we have wanted to do for a long time. So again, thank you for your patience. We appreciate you!

### March 21, 2024 Zia Board of Directors Meeting Minutes

The March 21, 2024 BOD meeting was called to order at 7:01 p.m. at the Bear Canyon Senior Center, with Club President Pat Mileschosky presiding. A quorum of the BOD was achieved with 17 out of 20 members in attendance.

#### Item I - Approval of Agenda and Minutes

The agenda for the meeting was approved with four additions (mail-in ballot counting, for-profit training discussion, lease update, and member at large nominee).

The minutes from the February meeting were approved without changes.

#### Item II - Treasurer's report

Sharon Foreman gave the Treasurer's Report. She shared the Statement of Activity from February and presented a 2023 financial summary report with the BOD. The Treasurer's Report was approved.

#### Item III Legislative Action Committee Report

Nate presented a few topics including, a click-through email solution, rule-making questions for the recently passed legislation, and a summary of the NRA lawsuit outcome.

#### Item IV - Old Business

Chris Garrett gave an update on how online membership renewals were going. Most of the member feedback has been positive, and improvements are being planned.

Pat Mileschosky gave an update on working with the State to get the lease renewed it is really slow going.

*Continued on next page*

**Item V - New Business**

Tom Foreman requested an additional \$450 to complete the improvements to the small-bore silhouette range. What they accomplished since February was really great. A motion was made, seconded, and passed.

Gary Wells talked about a need to cool the indoor range. Several of the Veterans he works with have injuries that make high heat dangerous to their health. Gary got some quotes to improve the building infrastructure and get some A/C. He requested a \$10000 budget to move forward with additional quotes and an approval to start. A motion was made, seconded, and passed.

Chris Garrett tallied the mail-in ballots, and all board members were voted by the membership to retain their positions.

Sharon Foreman nominated Jerry Candelaria for the open Member-at-Large position. Jerry spoke to the Board and answered questions. A motion was made to approve him for the position, seconded, and passed.

Pat led a lengthy discussion to determine the Board's position on allowing for-profit use of the range facility. The Board unanimously agreed that the range exists for the benefit of the membership, and the membership generally benefits from having the range available.

**Item VI - Adjourn**

After discussing all the items on the agenda, and there being no further business, the meeting was adjourned at 8:34 p.m. The next BOD meeting will be held on April 18, 2024, starting at 7:00 p.m. at the Bear Canyon Senior Center, 4656 Pitt NE.

Dear Zia Rifle and Pistol Club,  
My name is Haylie Garcia and you have shown me endless support throughout my shooting journey, from when I started as a freshman to now as a junior. I would like to thank you for your help in helping me go to these matches. Those matches have given me the chance to travel to new places and meet some incredible people. I would not have been able to have the opportunities I do without your support.

Haylie Garcia

***Veterans Air Gun Activity Needs an Assistant***

Veterans Air Gun Activity is looking for an Assistant. This person needs to be available mornings, on the first and third Wednesday of each month to help set up and run the VA Activity, which is growing every month. Starting in May we are expanding to three hours of shooting to get all the participants on line. The Assistant should be or be willing to take the training for Range Safety Officer, Trauma and First Aid Certifications.

Please email Gary Wells:  
veteransairgun@ziarifleandpistolclub.com  
with your phone number and best time to call.

Thank you for considering helping Albuquerque's disabled veterans enjoy a shooting sport.

Gary Wells

## *Zia Member Spotlight* *Tom Foreman*

Tom and Sharon Forman

My name is Tom Foreman; you've probably seen me around the Zia range shooting mostly tiny steel targets at various, sometimes seemingly ridiculous distances with a rimfire rifle. I share my life with my wonderful wife, Sharon, who for the past 46 years has supported me in all of my endeavors. Everything we do, we do together. And that includes shooting.

Currently, I am the activity director for the Long Range Bench rest silhouette at Zia. I have been a member since 2014. Shooting rimfire has been my passion since retirement. Prior to retirement I had a 40 year career as a heavy equipment diesel engine field tech and up to my last days, shop foreman, lead tech and mentor. In my leisure life, for many years, I was a competitive dirt bike rider and Observed trials competitor. For those of you that don't know what Observed trials is, it is kind of like the magicians of motorcycles, the balancing act of two-wheel, rough terrain negotiation. There are no words to explain how difficult this sport can be until you've seen a world championship factory rider up close! It's impossible! For 30 years, I rode at club level, sponsored many events and went through about 20 rather high dollar racing machines! Unfortunately, forced to retire in 2014 due to certain health issues, I had to sell my beloved dirt bikes and all that goes with it and find a new pastime.

Digging out of the closet, something I had bought when I was first married, an old Marlin model 25 that I paid \$90 for. It sported a stock that I "whittled" out of a plank of walnut, trying to mimic an Anschutz MS 64 silhouette rifle, (Because at the time (1981) there was no way I could afford the real thing). I

thought I'd give rifle silhouette a try. After the first match, I was hooked! I promptly joined Zia in 2014 and attended every match I could. Along with my wife Sharon, we both immediately took to the wonderful members at Zia and the spirit of competition. So much so, that now, shooting is our number one go-to for fun and entertainment. We have made lots of friends not only at Zia but across the state.

Since joining Zia, I have found that my "give back" to the club was to design and build sturdy gun racks for the east range after the club had contractors come in and build new east and west range awnings. My latest project was to help my wife Sharon, along with a couple of other, very loyal members totally revamp the west Small Bore silhouette range. There was a lot of dirt work, steel work, wood, and even concrete. I get satisfaction in doing these improvements. Upgrading the ranges and accommodations helps bring interest to the respective activity for other members to try that activity, and just like me, maybe they get hooked, and to me that's what having a membership at Zia is all about. Finding something new!

If you see me at the range, and you have a question about shooting .22 rimfire Silhouette of any kind, whether it be long range, X-long range or offhand standing, feel free to ask! I look forward to meeting you!

*Thanks Tom!*

***Sporting Clays  
April 21, 2024***

Dear Heidi & Pat!

Thank you so much for offering the ladies only class this past weekend! I took the class with my daughter and we LOVED it!!

Before taking this class I was actually terrified of weapons. I was carjacked at gunpoint in college over 30 years ago and I just never got over the fear.

My husband has been wanting me to take a ladies class for years and I just always had some excuse. Our daughter is leaving for college this fall and she wanted to take the class so I agreed to take it with her. I am so glad that I did!!!!!!! The format of having class time to learn and then range time to practice is genius!

I was also one of those people who thought recoil meant I was going to hit myself in the face or have bruises on my arm. Neither happened! I actually found that after getting hands on instruction, I had the confidence to shoot multiple weapons, even the AR-15 on the last day! I loved it so much that I have asked my husband to take me out to the range for additional practice! Of course he is thrilled!

Please share our family's sincere THANKS to Zia and the NRA Foundation for sponsoring this class!!!! And a HUGE shoutout of THANKS to Heidi and the amazing group of instructors!!!!!! They were all so kind and caring!!!! Thanks so much!

The small bore rifle silhouette match is held on the first Sunday of each month.

Setup starts at 8:00am. We will have a sight in/practice period starting after set up and will start the match promptly at 9:00am.

This event is open to any Zia member/guest and all are welcome. Juniors are encouraged to try this fun and challenging shooting sport.

**The adjacent bench rest/plinking range to the immediate West of the Small Bore Rifle Silhouette Range will be closed for the duration of our matches. This will allow us to provide participants with a higher level of safety.**

**The definition of wind:** the perceptible natural movement of the air, especially in the form of a current of air blowing from a particular direction. What is it about springtime in New Mexico that makes the wind so annoying? Oh, I know, we are silhouette shooters and inherently HATE the wind. As Tom F. says if it weren't for the wind, we would all be snipers! I realize that we have shot in windier conditions than we did at this match, but my tolerance for the natural phenomenon is wearing thin. Nonetheless, we have a great match and were able to finish just before the wind picked up. We had 18 competitors with a couple of new recruits. New to the game is Joe V. who made a great first impression shooting 26 which puts him into the AA class going forward. The other new (and young) face was Marcos M. grandson of Jerry C. Marcos at the ripe age of 7 scored 18 shooting his new Cricket rifle. Apparently one less than his grandpa scored at his first outing. Speaking of grandpa, Jerry C. won the match with a score of 37 missing only 3 targets! Another milestone was reached at this match as Freddy M. scored for the 3<sup>rd</sup> time with a AAA score, so he will now be competing in the AAA class.

All of the shooters enjoyed the new range set up. A considerable amount of work was done by several individuals that allowed us to make the range safer and much for comfortable. New target stands and structure will allow us to accommodate increased participation and will make things run much smoother.

*continued on next page*

**Highlighted scores indicate class winners.**

Please note the 5 and 10 in a row winners as indicated in the score table.

The matrix for this class structure is:

Master	34	40
AAA	28	33
AA	21	27
A	15	20
B	0	14

This class structure has no bearing on any classifications or qualifications outside of this specific match. The purpose is to allow everyone a fair chance at competition and provide a structure for advancement. The way you advance to the next level is to shoot 3 subsequent scores within the higher range(s). New shooters will shoot “unclassified” and once a score is recorded, that will be the class in which they will shoot until higher scores move them “up”.

Jerry C. again topped the list in this category. Some of the new range improvements made shooting the 1/5 size targets more challenging, but with a few “tweaks” we should be able to get things settled. This group continues to grow and the scores are steadily improving.

**1/5 size target results:**

<b>COMPETITORS NAME</b>	<b>CHICKEN</b>	<b>PIG</b>	<b>TURKEY</b>	<b>RAM</b>	<b>TOTAL</b>
Jerry C.	6	1	8	3	18
Dennis B.	4	3	5	4	16

Jeb B.	6	3	2	2	13
Charles E.	5	2	3	0	10
Freddy M.	3	3	3	0	9

Small Bore Silhouette shooting is one of the most challenging sports for individual marksmanship. Many great shooting competitions offer challenging shots at long range from a bench or other supported position. All our shooting is done from a standing position swaying in whatever breeze there happens to be. We shoot 10 chickens at 40 yards, 10 pigs at 60 yards, 10 turkeys at 77 yards, and 10 rams at 100 yards. A total of 40 rounds are needed for a match plus sight in rounds. We shoot with .22 rim fire rifles with scopes or open sights. Any standard velocity or high velocity .22 short, long, or long rifle ammo is permitted but the extra hot rounds such as the STINGER or VIPER rounds and magnums are prohibited.

The following is information taken from the NRA Silhouette Rifle Rule book and explains the match time sequencing:

Time is not checked on each shot but is computed on the indicated allowance for each five-shot string. The Range Officer may terminate any relay before completion of the full time allowance, if all competitors in that relay have completed firing.

**Time Allowances:**

**Ready Time** - Fifteen seconds will be allowed after the command **READY** is given before the command **FIRE**.

Two and one half minutes will be allowed to fire one shot on each target of a bank of five targets. Targets are shot in sequential order from left to right.

**Alibis** - 30 seconds will be allowed for each unfired round of the series in which the alibi is allowed.

**Shoot-offs** - 30 seconds will be allowed for each shot fired in a shoot off of ties.

A minimum of 30 seconds will be allowed between the command **CEASE FIRE** and **READY**.

## Results of the Bench Rest Rifle Silhouette April 14, 2024

Our new Xtended long range and standard long range match for April went OK, except for a little bit of oversight on my part regarding shooting positions at the firing line. This, I assure you, will be rectified by our next match in May. Otherwise, those that shot the Xtended long range said it was quite challenging and even though I was expecting scores in the 30's, the high score for the Xtended long range was 24, shot by John R. He shot 10 pigs in a row at 200 yards, and Guy N. shot 8 rams at 330 yards! So this proves that it's doable! Meanwhile, the standard small target long range overall high score was none other than Tom O. with 36. Please note, there are no class levels in either of these activities, it is a "shoot against yourself" competition where WIND is the ultimate adversary. The format for both activities of Xtended and standard bench rest silhouette will be run simultaneously during the course of the match. A competitor can shoot each activity should they desire (if so, you **WILL** be busy) so please bring plenty of ammo and patience!

### Results of the Standard Long Range:

<u>NAME</u>	<u>CHICKEN</u>	<u>PIG</u>	<u>TURKEY</u>	<u>RAM</u>	<u>TOTAL</u>
Tom O.	10	10	9	7	36
Guy N.	7	10	8	7	32
John R.	10	7	7	6	30
Frank C.	9	9	6	4	28
Ron B.	9	8	5	5	27
Kevin B.	8	4	6	9	27
Freddy M.	7	6	6	5	24

### Results of the Xtended Long range:

<u>NAME</u>	<u>CHICKEN</u>	<u>PIG</u>	<u>TURKEY</u>	<u>RAM</u>	<u>TOTAL</u>
John R.	6	10	3	5	24
Frank C.	5	8	5	5	23
Guy N.	2	8	3	8	21
Tom O.	9	6	1	4	20
Tom F.	5	5	3	4	17
Freddy M.	4	5	2	6	17

The bench rest rifle silhouette (formerly known as "Mouse Gun") match is held on the second Sunday of each month.

For those of you that are wondering what we do...

For the Standard long range competition:

We take a scoped .22 rifle that has plenty of elevation adjustment and shoots long rifle ammo (**no stingers or hyper velocity**) and we shoot at 1/5 scale targets, whereas the chickens are set a 60 meters and are roughly 2"x2" in size. The pigs which are roughly 3"x4" are set at 100 meters, the turkeys, roughly 3"x5" tall are set at 150, and the rams 6"x4" are at 200 meters.

Relays consist of 10 chickens at 60 meters, 10 pigs at 100 meters, 10 turkeys at 150 meters, and 10 rams at 200 meters.

For the Xtended long range competition:

We shoot chickens at 150 yds, pigs at 200 yds, turkeys at 290 yds, and rams at 325 yds. The size of these targets are 3/8 scale much bigger than the standard 1/5 scale targets, but further away.

In order to shoot either long range match:

All you need is a sand bag, maybe a bipod, or perhaps a fancy bench rest rig, it doesn't matter as any type of rest is allowed. At the onset of each 15 minute relay, there are unlimited "sighters" at the beginning sighters being shots that are fired at a 8"x11" steel plate set at the same distance at each of the targets. When you are pretty sure that your rifle is sighted in good enough for that bay of targets, the "sighters" stop and you shoot 10 shots in left to right order in what is remaining of the 15 minute time allotment for score. This all done while sitting at a bench. It is a relaxed atmosphere and a ton of fun! A total of 40 rounds are needed for a match plus "sighters".

Setup starts at 7:30 am. We will have a sight in/practice period starting after set up if possible, and will start the match promptly at 8:00am.

I encourage anyone with a .22 rifle to come out and give this a try! Most folks that have are now hooked. If you have any questions, please call or text Tom 505-350-4026

Please note, on the 2nd Sunday of each month when this match is held on the East range, the F-Class range and the Precision Tactical range is closed for the duration of this event.

**Please note: this match will not be held on Sunday, May 12th, in honor of Mother's Day.**

## Please welcome Zia's newest Member at Large Jerry Candelaria

*Members at Large are elected to be the representatives of the General Membership, and to serve as a voice for those Members specifically for their direct contact and support.*

Jerry Candelaria is the newest Member at Large elected to the position at the general Board meeting on March 21, 2024.

Jerry has been a Zia member for 2 years and is almost a permanent fixture at the silhouette ranges since he was first introduced to the discipline last year. He attained Master classification in Small Bore Rifle Silhouettes in March 2024 and won the overall match in April.

He is a veteran, spending 10 years in the Navy as a weapons specialist. He is a military brat His mother was a Drill Instructor and his Father was in the Army Corp of Engineers. He spent time on the Abraham Lincoln, the Carl Vincent, the Texas (Sub), and the Albuquerque and completed weapons training in Puerto Rico. He has been married to his beautiful wife Elizabeth for 28 years and has 5 kids and 3 grandbabies.

Previously, he was a concierge at the Windham and Double Tree hotels, so as he says, "He is used to catering to people.

He is now retired and those that know him joke that he literally lives at the range.

All of the aforementioned attributes make him the perfect "Member at Large". If you see him at the range, please take the time to introduce yourself and talk with him. If you have any issues that need to be addressed or discussed, he is your guy. He is the general membership's liaison to the Board of Directors.

# ***Important! Please Read!***

**Scheduled Match in Progress  
Adjacent range(s) closed for  
duration of match**

You will start to see this sign at some of the scheduled matches starting in November. For safety purposes and as documented in the by laws, Article VIII, Section 2(b) states:

Matches or tournaments will take precedence over other shooting activities at the Range and for safety reasons certain ranges will necessarily be closed during the hours of the match or tournaments.

Every effort will be made to publish range closures in the Club Newsletter and on the web site prior to such a match or tournament. The Range Officer in charge of the match shall have the authority to halt firing on any adjacent ranges which he deems unsafe to the competitors or other shooters.

Closures will be as follows:

<b>Day Scheduled</b>	<b>Event</b>	<b>Range(s) closed</b>
1st Saturday	ARA Bench rest	Small bore silhouette & 200 yd. rifle sight in range
1st Sunday	Small Bore Rifle Silhouette	ARA Bench rest & 200 yd. rifle sight in range
1st Sunday	600 yd. Prone (F class)	Precision Tactical Rifle and Hi-power Silhouette
2nd Sunday	Small Bore Bench rest Rifle Silhouette	Precision Tactical Rifle and 600 yd. prone (F class)
3rd Saturday	ARA Bench rest	Small bore silhouette & 200 yd. rifle sight in range
3rd Saturday	Precision Tactical Rifle	Hi-power Silhouette and the 600 yd. prone (F class)
3rd Sunday	Hunter Pistol Silhouette RF & CF	Precision Tactical Rifle and 600 yd. prone (F class)

*Your best bet is to check the monthly calendar for schedule changes. However, no matter the day/date scheduled, **when the scheduled match is being held, the indicated adjacent range(s) will be closed.***
